BikeUMD: Safety

Same Roads, Same Rules, Same Rights principles:

- **Make Space for Each Other:** Leave 3 feet between yourself and another vehicle when passing—don't try to squeeze by.

- **Be Predictable:** Make your intentions clear to everyone. Don't make abrupt turns or swerve around other vehicles.

- **Ride on the Road:** Bikes and e-scooters should generally be used on roads. If you must use a sidewalk to access your destination, dismount your bike and walk. Remember to always yield to pedestrians.

- **Follow the Law:** Obey traffic signals, stop at stop signs, stay in your lane and always yield to pedestrians in crosswalks.

HOW TO READ A PARKING LOT SIGN

At the entrance of each parking area, there is a parking lot restriction sign. Using these 3 guidelines on the right will help you understand the restrictions specified by each sign. This is important in having a pleasant parking experience at the University of Maryland.

1. BLACK vs. RED

Lot Signs are color coded to easily distinguish parking restrictions. Signs with BLACK text welcome parking after 4pm without permit or Campus License Plate Registrants (CLPR). Whereas Lot Signs with RED text are used to bring awareness to various parking restrictions.

2. LETTER or NUMBER

Signs that begin with a LETTER are considered faculty/staff lots, regardless of any sub-number that follows it. Signs that begin with a NUMBER are considered student lots.
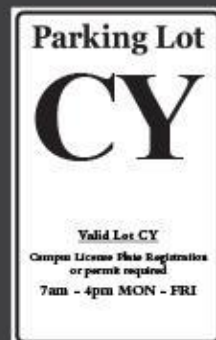

3. SPECIAL RESTRICTIONS

The area below the Lot Assignment indicates any special restrictions to the lot. During restriction hours, only permits or CLPR assigned to the parking area are permitted to park in the lot.

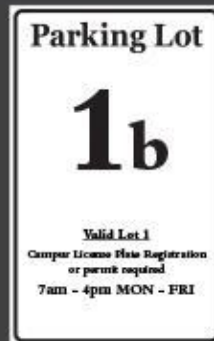

UNRESTRICTED AFTER 4 P.M.:
After 4 p.m., no CLPR is required for these lots. These lots become unrestricted to all faculty/staff, students and visitors.
